Description of Program Activities

UNLIMITED EXPERIENCE

HALF DAY ACTIVITIES

Classic "Short Circuit" Tour with Art and Tea

This activity is our "letter of introduction" to Bariloche. It consists of a beautiful drive along the most scenic spots and lookouts of the region: Campanario Mountain, El Trebol Lake, Moreno Lake, a Viewpoint, Lopez Bay, and Hidden Lagoon, ending at the Llao Llao park. Here we will visit the home and studio of the famous realist artist Juan Lascano, where not only will we have the opportunity of appreciating exquisite works of art and their secrets but we will also enjoy some delicious tea.

Bike Ride and Wine Tasting Tour

We'll travel from the Hotel to Cathedral Mountain in private transport. Once there we set off on mountain bikes towards Gutierrez Lake along medium difficulty paths. We will cross small rivers and streams with slight ascents and descents as we enjoy awesome landscapes surrounded by forests of lengas and cohíhues. The mountain bikes are adequate for this type of trail, making the cycling more pleasant. Once in the beaches of Gutierrez Lake, a Rutini wine tasting awaits us, with a selection of cold-smoked products from the region.

Private Photographic Walk

From the hotel we will travel in private transport towards Bellavista mountain, located between Cathedral and Lopez mountains. This spot is ideal for making it to the top in order to obtain an excellent variety of natural photos. The level of difficulty is medium. Once at the summit, we will enjoy some appetizing dishes prepared by our chef.

Spa Day

This activity was devised for the relaxation and delight of all the senses. It can be enjoyed in the afternoon, starting from a hot stone massage of 45 minutes. Once finished, our guests can choose between a reflexology session or a facial treatment. Our heated pool, jacuzzi, humid/dry sauna and Scotch shower will also be available throughout the day.

Kayaks

We will depart from the Hotel's beach on the shores of Nahuel Huapi Lake. Then we'll travel along the coast in order to visit Huemul Island, located in the middle of the lake. After that we'll continue skirting the island until we reach Gallina Island, smaller in size but with greater visual and natural attractions.

Technical Fly Fishing Class

A professional fishing guide from the National Nahuel Huapi Park will give this class at the Hotel's private beach. Here we will learn to throw, make flies and get to know the basic techniques which will enable us to practice this sport.

WHOLE DAY ACTIVITIES

Valle Encantado Ranch

In private transport we will travel 70 Km to the city of Bariloche, along the shores of the beautiful green Limay River, which we will cross by boat in order to reach Valle Encantado Ranch. The establishment is a magical place; we will start with a one-hour trek of the amazing caverns and rocky formations, so typical of this area. This landscape is absolutely ideal for taking pictures, as we become familiarized with the uniqueness of Patagonia. We will also be able to observe a great variety of birds such as the emblematic condor. Our tour finishes with a delightful assortment of home-made pastries from the region.

Victoria Island and Arrayanes Forest

This classic Lake tour will start in a private vessel departing from our Hotel. Once in Victoria Island, we will get to know the central area, visiting its library, school, sawmill and a coniferous nursery, all of these along the marvelous paths of the island. We continue on our way to the Arrayanes forest, unique of its kind. Here we can undertake a short trek. We will conclude this activity by tasting different traditional chocolates from the region.

Rafting

Departing from our Hotel, we will drive along the 258 Highway until we reach Villegas park, finally arriving to a spot called El Manso. Here we will partake of a country breakfast at a typical mountain ranch. After equipping ourselves with all the necessary gear, we will depart in order to start the descent of the Manso River. This river has some exciting rapids, which will fill us with the necessary adrenalin of a unique experience. The rafting will end at the border with Chile, where we will enjoy a wonderful lunch of Patagonian lamb.

Three Mountain Tour

We will leave our Hotel in private transport. The tour's objective is to get to know the three principal mountains of Bariloche. We will climb Otto Mountain, 1500 metres above sea-level, Cathedral Mountain, 2100 metres above sea-level and Campanario Mountain, the latter with a lower height than the two previous ones but located at a strategic spot with outstanding views of the region.

Horseshoe

We will depart from the Hotel heading in the direction of the airport by an alternative highway, which will take us to the Haneck Family farm. On arrival, the family members, local experts of this area with a lot of horse-riding experience, will take us along some of the most beautiful trails of their property. This activity will finish with a tasty barbecue from the farm in a truly unique spot, accompanied by our hosts throughout the day.

Beer Tour

On this tour we'll taste some of the best traditional beer of the area. We will find out how it is made and all the secrets and combinations that produce the best flavours. Tastings will include: Blest, La Berlina, Gilbert, Bolson, Antares and Patagonia among others. All of them will be served with cold-smoked products from the region.

WINTER SEASON ACTIVITIES

Walk with Snowshoes

We will travel from our Hotel to the Art Lounge of El Casco Art Hotel, located at the base of Cathedral Mountain. A guide will provide us with the necessary snowshoes, stick and equipment to be able to walk along the forest trails, surrounded by snow. The level of difficulty is low/medium.

After a 40 minute walk, we will penetrate a Lengua forest, where we will enjoy a variety of delicious chocolates.

Guided Snow Tour

Departing from the Hotel, we will travel towards Cathedral Mountain, reaching its top. From its peak we will explore all the hill's nooks and crannies, enjoying the panoramic views both from within as well as from outside its trails. This will require a medium level of skiing or snowboarding ability.

The tour will conclude with a snow bar with exclusive drinks created specially for this occasion. This is a Ski Tour, accompanied by a bilingual mountain guide.
